

**EPIRB / ELT Test Equipment & Receivers – Price List**

**Issue No: 32**

**Valid from 1<sup>st</sup> November 2020**

<b>Stock No:</b>	<b>Part No:</b>	<b>Description</b>	<b>Application Notes</b>	<b>Price</b>
SX1204	BT200	Ruggedized Handheld Beacon Tester 406/121.5 MHz	Manufactured by WS Technologies INC, Canada Shock & water resistant for field use. Basic version capable of testing EPIRB's and PLB's – meets and exceeds IMO guidelines. See Upgrade options below to add ELT testing, High Stability & Limit Tester	£ 3,885.00
SX1205	BT200 add ELT	Ruggedized Handheld Beacon Tester 406/121.5 MHz with ELT Testing	One-time software license enables ELT Testing functions – including 243MHz homing transmissions and decoding of aviation protocols	£ 4,321.00
SX1206	Limit Tester for BT200	Add Limit Tester for BT200 Testers	One-time software license enables Limit Tester functions – additional test report with includes Pass/Fail for each parameter, based on limits that can be customised by the user	£ 610.00
SX1325	High Stability Option for BT200	Add High Stability for BT200 Testers	High Stability Option allows for a 2 Year Calibration Period	£ 393.75
SX1207	RF Cable	Replacement RF input cable for BT200	Allows connection to an external antenna or screened box output. Can also be used for direct connection to beacon output, where available	£ 89.50
SX1326	STB100	STB100 Test Bench	Manufactured by WS Technologies INC, Canada. The STB100 Test Bench is the perfect tester for maintenance facilities, test facilities, beacon manufacturers, beacon developers and anyone else that doesn't need a handheld tester. The unit will test 406 MHz, 121.5 MHz, 243 MHz and AIS frequency stability. Very accurate DC current and voltage sensing allows for characterization of the DC power supplied to a beacon.	£ 5,566.00
SX1350	STB100 API Set	Add API Set for STB100	Allows advanced users to create their own interface	£ 1,667.00

SX1208	BT200 Cal 1	BT200 1 Year Calibration	BT200 1 Year Calibration	£ 295.00
SX1325	BT200-CAL-2	BT200 2 Year Calibration	BT200 2 Year Calibration (HS Models only)	£ 375.00
SX507	BT100 Cal	BT100 2 Year Calibration	BT100 CF Card Calibration	£ 425.00
SX400	ARG5410 EPIRB Tester	SARTECH ARG5410 EPIRB Tester	Test Receiver capable of decoding data from any 406MHz COSPAS-SARTSAT Beacon. Also checks 121.5Mhz homing frequency. Gives frequency and power indication for both 406 & 121.5Mhz. Includes antenna, hard carry case, universal mains charger & PC Cable.	£ 2,257.50
SX130	ARG5410 CAL	ARG5410 MKII 2 Year Calibration	ARG5410 2 Year Calibration	£ 330.00
SX1005	VHF Monitor	Portable air band monitor receiver with USB rechargeable battery	Monitor receiver to warn of false alerts. Required for SOLAS Shore-based maintenance facilities	£ 130.00
SX782	FBM200A	High Performance 406Mhz Monitor Receiver	Very high sensitivity receiver (-125dBm) for monitoring local transmissions within a port, harbour or airport area. Will detect any beacon within line of sight (aircraft up to 200nm). Included software runs as a background task on a PC, logging all transmissions and warning of real or false alerts. USB powered.	£ 2,978.00
SX403	FC2	FC2 Portable Screened Box	Allows EPIRB & PLB testing in full operational mode without causing false alerts, includes 50ohm test lead.	£ 1,160.00
SX537	GPS Fixture	GPS Test Fixture Kit	Add-on kit for FC2 box to allow testing of GPS equipped beacons. Comprises active GPS antenna, mounting bracket, 20m cable, amplifier unit, magnet switch and internal passive antenna	£ 525.00
SX789	FC3	FC3 Portable Screened Box with integral GPS	Smaller version of FC2, to suit modern beacons. Includes GPS testing facility as standard	£ 1,489.00
SX684	TSE-100	TSE-100 Screened Box	WS Technologies screened enclosure with viewing window and gloves for manipulation. Includes GPS input for full testing of all beacons, including G-Switch testing of ELT's	£ 3,288.00

SX785	130-020-A	GPS Cable 25FT	Extension cable for external GPS Antenna – TSE-100	£ 131.25
SX786	130-020-B	GPS Cable 50FT	Extension cable for external GPS Antenna – TSE-100	£ 152.25
SX787	130-020-C	GPS Cable 75FT	Extension cable for external GPS Antenna – TSE-100	£ 168.00
SX788	130-020-D	GPS Cable 100FT	Extension cable for external GPS Antenna – TSE-100	£ 189.00
SX705	100-MGSSMA	Pole Mount Antenna	Pole Mount GPS antenna for TSE-100	£ 165.00
SX101	PA1	Printer Adaptor	Suitable for ARG5410 MK1, allows stored message to be output to serial printer. NOT required for MKII (LIMITED STOCK)	£ 120.75
SX407	F129-240	Portable Graphic Printer	Suitable for ARG5410. Supplied with mains adaptor / charger for UK & European	£ 415.90
SX401	R195-3012	50 Ohm BNC Attenuator 10dB 0.5W	In-line attenuator to be used to reduce signal level. 30dB minimum recommended for direct connection of beacon output to ARG5410 MK1 or MKII	£ 39.50
SX135	R284-3809	N+BNC-BNC Lead 50 Ohm, 1/8m	BNC Cable	£ 20.00

**N.B. Prices in POUND STERLING ex-works UK**
